

2021 STUDENT SCHOLAR

2021 Winner: Jenelle Cardamone

"This scholarship means a new future for me. It means I am able to go and get the grades that will help me get into the Pathologists Assistant program. My dream is to help people in any way I can.

Once these classes are completed, I will be able to start that dream. This scholarship will help me become a better student. This scholarship will relieve some of the pressure that comes from worrying about how to pay for my education and future. Without that worry, I can focus more on the classes."
